ABOUT VIVERE

Vivere is a globally successful outdoor living company that strives to provide high quality hammocks, sun loungers, and patio furniture to our customers. With relaxation in the forefront of our mind, we design, innovate and introduce products that will allow the user to experience rest and relaxation in their outdoor and leisure spaces.

Starting in the early 2000s as a small home-office based company that exclusively developed and sold hammocks, Vivere has grown to world-wide success. While primarily based out of Guelph, Ontario, Canada, over the years we have spread our reach with additional headquarters and warehouses in Europe, USA, Australia, and Asia. Alongside this growth we have developed and continue to maintain the **number 1 best-selling hammock combo** across the globe.

At Vivere our primary focus is providing the finest outdoor lounging furniture and games made with quality materials, while at the same time priding ourselves on maintaining superior customer service. Throughout the years we have developed and created growth in the outdoor living category. Our fresh, contemporary designs and vibrant, exclusive colours have continued to flourish and are a mainstay for our brand. It is our aspiration to promote a calming and relaxing atmosphere for each and every one of our customers from coast-to-coast, continent-to-continent. Whether that be in the backyard or at the cottage, on a balcony or in a sun-room, in a public park or on a backpacking adventure, it is our hope at Vivere that you will enjoy a balanced lifestyle and the relaxation you deserve in the best way possible!

Weather Resistance Differences

Bring Indoors

Bring Indoors: *unable to withstand water penetration. Should be brought indoors when not in use to avoid fading and weathering.*

Weather Resistant

Weather Resistant: *able to resist the penetration of water to some degree but not entirely. Can withstand drizzle and light rain.*

Water Repellent

Water Repellent: *not easily penetrated by water, especially as a result of being treated for such a purpose with surface coating; which does not last forever and is broken down by UV rays.*

Game Play

Ladder Golf® is played with 2 or more players or teams. Each player takes turns tossing their bolas towards the ladder target with the objective to wrap the bolas around the rungs of the game ladder.

- Each ladder consists of 3 rungs: a top, middle, and bottom rung. Points are determined by the rung the bolas remains on:
- Top Rung: **3 POINTS**
 - Middle Rung: **2 POINTS**
 - Bottom Rung: **1 POINT**

The first team or player to reach an exact total of 21 points is declared the winner!

Detailed game play directions are included with each Ladder Golf® Game

Game Play Manual

Game Play
Assemble the pins in the format shown above.
Throw: Players take turns throwing the baton at the Viking pins
Points: if a single pin is knocked down, the player scores the number on the pin. If multiple pins are knocked down, the player scores the number of pins knocked over.
Next Turns: After each throw the pins are stood up where they fell.
Winning: the first player to reach exactly 50 points is declared the winner.

4 Stakes: 30 × 2 cm
1 Carry Bag: 34.5 × 19.5 × 34 cm
Game Play Manual

Game Play
Split into 2 equal teams and assemble the field.
Throw 1: Team A throws 6 batons to knock down the opponent's baseline kubbs
Throw 2: Team B throws their knocked over kubbs into Team A's half of the field where they are stood upright.
Next Turns: Teams must knock field kubbs first before aiming for baseline kubbs
Winning: after knocking down all kubb pins, a team may then attempt to fall the King Kubb. The first team to knock over the King Kubb wins the game! However, if a team knocks over the King Kubb before all their opponent's kubbs are knocked down they lose the game.

Detailed game play instructions included with each Kubb game.

▲ RAMP-01
RampShot Original Game

Game Play

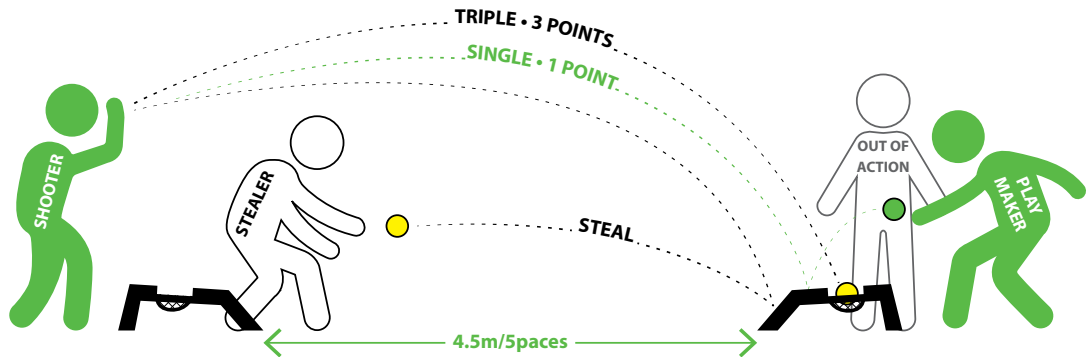

RampShot® is played 2 vs. 2. Players from each team will take turns shooting and catching balls for points. Teams can only score points when shooting and catching. The Stealer does not earn points, but can steal turns from their opponents.

Team 1:

- Shooter: throws the RampShot® balls in an attempt to score points
- Play Maker: Catches any ball tossed by their teammate after the ball bounces off the ramp.

Team 2:

- Stealer: Stands on the same side as the Shooter and attempts to catch any ball that bounces back off the ramp.
- Out of Action: this player is not currently involved in the play & stays clear of all action
